WELCOME

2012 Conference

Welcome to the CBF's 24th Annual Insolvency Conference

As the country's economic situation continues to present ever-changing challenges, the work of insolvency professionals continues to expand into interesting areas. In the wake of *Stern v. Marshall* and with the fate of the health care bill now before the U.S. Supreme Court, we are privileged to have Professor Erwin Chemerinsky, a preeminent constitutional law scholar and Founding Dean of the University of California at Irvine School of Law, as our keynote speaker. The Insolvency Conference will explore "Restructuring and Liquidation Alternatives: Once Size Does Not Fit All", by focusing on a hypothetical business problem and examining how bankruptcy, receiverships and assignments for benefit of creditors may be used to resolve the issues. As always, the program will offer invaluable educational content, opportunities for intelligent discussion and debate, and networking to the hundreds of professionals, judges and guests in attendance.

In addition to the main conference program, CBF continues its interdisciplinary approach to broaden both educational and networking opportunities. This year the Conference offers a Saturday afternoon Consumer Program, which is included in the regular registration fee or can be attended separately for a reduced price. The Conference also will host the nationally recognized Association of Insolvency and Restructuring Advisors certification course. The California Receiver's Forum also will present a receivership program Saturday afternoon. Finally, the popular Young Insolvency Professionals program will return with timely and educational topics.

This year's location at The Westin Mission Hills Resort & Spa in Rancho Mirage features two world-class championship golf courses, extensive recreational facilities, first class spa and swimming pools featuring a children's favorite 60-foot water slide which offers extensive opportunities and the perfect setting to mingle with your colleagues in a beautiful, family-friendly environment. The planned Saturday night "Oasis Nights" dinner will be a spectacular event and will provide an optimum atmosphere for continued networking and socializing...Tennis clinic & tournament, golfing, bicycle tours, shopping, modern mixology class, scenic tram rides, kids in the kitchen activities, and time at the spa are among the many other fun activities available.

We look forward to seeing you this May at The Westin Mission Hills!

EDUCATION

FRIDAY

11:30 – 1:15

Keynote Address and Judges' Roundtable

The 24th Annual Insolvency Conference will kick off with a keynote address from Professor Erwin Chemerinsky, Founding Dean of University of California Irvine School of Law, about several pending and recently decided Supreme Court cases including the landmark *Stern v. Marshall* decision and its implications for the administration of bankruptcy cases, power of the bankruptcy courts and bankruptcy practitioners. Following the keynote address, a roundtable discussion with the judges will take place regarding *Stern v. Marshall* and this year's theme, "Restructuring and Liquidation Alternatives: One Size Does Not Fit All!"

Producers: Jenny Lynn Fountain – Murray & Murray APC
Lisa Torres – Gates, O'Doherty, Gonter & Guy LLP

1:30 – 2:45

Business Bankruptcy: Strategies, Limitations and Alternatives

This panel will introduce a hypothetical about a financially distressed sports franchise and its affiliated real estate and other entities, and will explore various restructuring alternatives, including pursuing an out-of-court workout, bankruptcy, receivership or an assignment for the benefit of creditors. Panelists will build on the hypothetical by introducing new facts and circumstances and analyzing whether applicable law renders bankruptcy or an alternative futile or the preferred way to proceed in reorganizing the financial affairs of the franchisee and its affiliates.

Producers: Lisa N. Nobles – Landau Gottfried & Berger LLP
Adam M. Starr – Greenberg Traurig LLP

Panelists: Sara L. Chenetz – Blank Rome LLP
Ron Oliner – Duane Morris LLP
Andres Pinter – Ernst & Young
David Seror – Ezra Brutzkus Gubner LLP
Mark Shinderman – Milbank, Tweed, Hadley & McCloy LLP

3:00 – 4:00

The ABCs and More of ABCs

Continuing to use the hypothetical sports franchise and affiliate fact pattern, the panel will explore various statutes and case law that govern and impact California-based assignments for the benefit of creditors ("ABCs"). Panelists will also discuss application of non-statutory practices and procedures and the pros and cons of enactment of a comprehensive statutory body of California law governing ABCs.

Maryam Ghazi – MG Financial and Restructuring Services

Panelists: Mikel R. Bistrow – Foley & Lardner LLP

Advanced Pre-Petition Planning and Exit Strategies for Operating and Single Asset Real Estate Cases

Moving to a bankruptcy context, the panel will continue to use the sports franchise hypothetical. The panel will explore various advanced pre-petition planning strategies, critical "first-day" and other motions and new or renewed plan and exit strategies for contested chapter 11 cases that are designed to maximize a debtor's ability to sell substantially all its assets or reorganize its business over the dissent of one or more creditor classes.

Melissa Davis Lowe – Shulman Hodges & Bastian LLP

Panelists: Cecily A. Dumas – Friedman Dumas & Springwater LLP
