## Introduction

### ELECTION 2012: CHANGES IN CONGRESS

After a long, expensive and whirlwind campaign, a closely divided country voted to retain the status quo: President Barack Obama was re-elected and the Congress remains split, with Republicans controlling the House and Democrats controlling the Senate.

In the **United States Senate**, the Democrats achieved a net gain of two seats. In addition, Angus King, an Independent elected in Maine, will likely caucus with the Democrats. Only one Senate incumbent lost his seat: Scott Brown (R) of Massachusetts. The eight new Democratic Senators are: Chris Murphy (CT), Mazie Hirono (HI), Joe Donnelly (IN), Elizabeth Warren (MA), Martin Heinrich (NM), Heidi Heitkamp (ND), Tim Kaine (VA), and Tammy Baldwin (WI). The Republicans have three new Senators: Jeff Flake (AZ), Deb Fischer (NE), and Ted Cruz (TX). The Democrats have 53 Senators and two Independents who will caucus with them. The Republicans have 45 Senators.

In the **House of Representatives**, it appears that the Democrats will pick up a handful of seats with several races to be determined. The Democrats will have at least 50 new members, including eleven from California, five each from Illinois and Texas, four each from Florida and New York, three from Washington, and two each from Arizona, New Hampshire and Nevada. The Republicans will have at least 35 new members, including four from North Carolina, three each from California, Florida, Indiana, and Texas, and two each from Kentucky, Ohio, Oklahoma, and Pennsylvania. The House will have 234 Republicans and 201 Democrats next year, which is a net pick up of eight for the Democrats.

### ABOUT THE 2012 ELECTION GUIDE

K&L Gates is providing this guide to help you better understand and keep track of the changes in Congress. It provides a starting point for assessing the coming changes in House and Senate Committee and Subcommittee memberships. The following are included within this guide:

All new Members of Congress are listed alphabetically by state along with links to the campaign websites which contain biographical information. Outgoing Members of Congress are listed, with the reasons for their departures.

Complete delegations for each state are included with new Members of the House and Senate highlighted in yellow to indicate no change in party and their predecessors shown. Seats that switched parties are highlighted in red for Republican pick-ups, blue for Democratic pick-ups, and green for independent pick-ups. Races that are too close to call are marked with an asterisk and highlighted gray.

Roster lists for each full Committee and Subcommittee from the departing 112th Congress are included; with non-returning members lined out and projected full Committee House Chairmen noted.

For nearly four decades, K&L Gates has helped clients solve their critical legal, policy, and political problems in the national's capital—on Capitol Hill, at the agencies, and in the courts. In August 2012, K&L Gates was ranked among the top five law firms in the *National Law Journal's* Influence 50 survey.

Virtually every sector of the economy is affected by the government. Fates, futures, and bottom lines often shift substantially as a result of governmental decisions. Those who can shape decisions have a competitive edge. To achieve their goals, companies and other organizations need timely and relevant information, and the ability to identify and access the right government officials about issues and proposed legislation or regulations that affect them.

### Public Policy and Law Team

The Public Policy and Law group has more than 50 lawyers and policy professionals with over 500 years of combined experience in federal and state government. Our bipartisan team members include: two former Congressmen, a former Governor

and Attorney General of the United States, and key former Democratic and Republican counsels and staff to the House and Senate leadership, Congressional committees and numerous Members of Congress.

Members of our team have worked in the Executive Branch and regulatory agencies, including the U.S. Departments of Commerce, Defense, Energy, Justice, and Transportation; Central Intelligence Agency, Federal Communications Commission; Office of Management and Budget, Office of the U.S. Trade Representative; Securities and Exchange Commission, and others.

Members of the Public Policy and Law group know what makes government tick in Washington, D.C., as well as in states in key regions of the country.

### Knowledge and Experience

Our success is built on a philosophy that emphasizes a deeply substantive and teamwork-based approach to public policy. Our goal is to understand a policy issue from every direction—substantively and politically—and to use the collective knowledge and experience of our team to help a client achieve its objectives. The group is well positioned to consider a range of legislative, regulatory and judicial options to benefit our clients.

We offer innovative solutions, provide exceptional service, and deliver extraordinary results. That approach has worked for nearly four decades, which is why the Public Policy and Law group has thrived through eight Administrations and 20 Congresses.

### Ethics Guidance

The Public Policy and Law group maintains an active government ethics counseling practice to help guide our clients through the maze of government requirements. The firm has written the book on government ethics—“A Guide To Political and Lobbying Activities”—which includes advice on political fundraising, lobbying disclosure rules, Congressional and Executive Branch ethics.

“This firm combines access to many levels of government with a wide industry sector reach to form a prominent government relations practice.”

*Chambers USA 2012*

“...one of the most successful Public Policy groups in town...”

*Washington Post Capital*

*Business, December 2011*

## Public Service

The Public Policy and Law group also has a long and cherished tradition of providing *pro bono* representation. Among our most satisfying representations is our work with Water Advocates to pass and fund the Senator Paul Simon Water for the Poor Act of 2005. More than one billion people currently lack access to clean drinking water, and each day water-related illnesses kill 3,900 of the world’s children. The Water for the Poor Act commits the United States to promoting safe, affordable, and sustainable drinking water and sanitation in the developing world. A broad, bipartisan team of professionals from the Public Policy and Law group worked with Water Advocates to help draft and pass this legislation. In addition, the firm has worked to increase annual federal water aid funding to \$300 million.
