

US SUMMER ASSOCIATE PROGRAM

DISCOVER. DEVELOP. THRIVE. | THE K&L GATES EXPERIENCE.

Our Summer Associate Program is designed to offer law students an immersive and hands-on experience of life as an associate at our firm. Together, we will collaborate with you as you develop and define your interests and goals, and evaluate the potential of you embarking on your law career with us post law school! We host summer programs in most of our US offices, and we host 1L law students for several of these programs.

"I really enjoyed working at K&L Gates this summer. The entire firm has been incredibly kind, welcoming, and willing to explain their practice and careers. The diversity of work and opportunity to do substantive work as a summer was something I really appreciated."

—Mikaela Black, Washington, DC

Throughout the summer program, you will be encouraged to bring your curiosities and drive to the table as you work on sophisticated, real-life legal matters alongside our exceptional lawyers. You will be partnered with mentors who will help you navigate the firm, guide you through substantive and challenging legal work, and integrate you into the firm's culture. K&L Gates offers a rich and comprehensive professional development curriculum, which will help grow your knowledge of our firm and develop you in your law career. Programming from previous summers has included The Business of a Global Law Firm, Behind the Curtain: A Day in the Life of Everyday Practice, and among our favorite programs - the Negotiation Skills Workshop, which allows you to showcase your skills in a friendly arena with your fellow summers!

[On favorite training program]

"I enjoyed the 'Business of a Global Law Firm' session because it gave us insight into the behind-the-scenes operations of the firm that are not commonly discussed in law schools or in our day-to-day interactions with lawyers."

—Casey Buttke, Raleigh

Finally, no summer experience is complete without fun! Our offices host interesting and exciting social events throughout the summer that will allow you to experience your city and engage with your fellow colleagues. Some popular events that our programs have hosted include cooking classes, a real estate expedition, a seaplane excursion, music festival outings, and the classic ballgame to cheer on the home team together!

[On lawyer interactions]

"The associates in my office were very friendly from day one and made me feel super welcome. My workflow coordinator was a great resource throughout the entire summer. I also had great interactions with the partners, both in my own office and throughout projects with other offices."

—Grace Voissem, Los Angeles
